PROFESSIONAL SUMMARY

Full Stack Developer with 4+ years of experience designing and delivering scalable web and mobile applications using React.js, Next.js, React Native, Node.js, and TypeScript. Proven track record of cutting production bugs by ~20%, shipping high-performance APIs, and delivering production-ready systems for international clients across Australia and India. Experienced in CI/CD automation, cloud deployment (AWS EC2/Cognito, Vercel, Render), and full lifecycle product development from architecture to production release. Comfortable leading junior developers, participating in client discovery, and shipping features in fast-paced Agile environments.

TECHNICAL SKILLS

Frontend: React.js, Next.js, React Native, Redux Toolkit, TypeScript, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, RBAC, Strapi CMS

Databases: PostgreSQL, MongoDB, MySQL, Supabase

ORMs: Prisma, Sequelize, Mongoose

Cloud & DevOps: AWS (EC2, Cognito, ECS, ECR), Docker Containers, GitHub Actions, CI/CD Pipelines, Vercel, Render, Heroku, VPS

Payments: Razorpay, PayPal

Tools: Git, GitHub, Postman, Jira, Trello, VS Code, Cursor

AI: GitHub copilot, Claude, Cursor, V0

PROFESSIONAL EXPERIENCE

TechyMonks | *Software Engineer* | May 2025 – Present

- Reduced production issues by ~20% across web applications by implementing targeted frontend fixes, improving API error handling, and strengthening application stability.
- Improved application performance by optimizing component rendering, reducing unnecessary API requests, and enhancing data-fetching workflows, resulting in a smoother user experience.
- Collaborated with backend engineers, product managers, and stakeholders to convert business requirements into scalable technical solutions while maintaining consistent sprint delivery timelines.
- Facilitated client requirement discussions and technical planning sessions, helping define project scope, minimize development rework, and accelerate feature delivery.
- Built and maintained reusable frontend components using React.js and Next.js, improving code maintainability and development efficiency across projects.

Alcyone Technologies Pvt. Ltd. | *Full Stack Developer* | Nov 2024 – Feb 2025

- Resolved 10+ critical runtime issues in a live React Native application within the first 4 weeks, restoring stability for hundreds of active users.
- Strengthened API integration reliability by standardizing response handling across 6+ backend modules, eliminating data inconsistency errors.

- Coordinated with backend teams to streamline feature delivery, reducing integration delays by ~15% during release cycles.

Gravity Engineering Services Pvt. Ltd. | *React Engineer* | Jul 2024 – Aug 2024

- Worked on a high-performance company website in Next.js + Tailwind CSS, achieving Google Lighthouse performance score of 90+ with SEO-optimized page structure.
- Integrated Strapi CMS, reducing content update turnaround from 3+ hours to under 10 minutes by empowering non-technical staff to manage content without developer involvement.
- Refined UI responsiveness across 5+ device breakpoints, raising mobile accessibility compliance to meet WCAG 2.1 AA standards.

Aurasoft Digitech Pvt. Ltd. | *Full Stack Developer* | Jan 2022 – May 2024

- Architected and shipped 8+ full-stack applications using React.js, Node.js, TypeScript, MongoDB, and PostgreSQL, supporting multiple concurrent production clients.
- Engineered 20+ secure REST APIs with JWT authentication and RBAC across 3 enterprise systems, maintaining zero unauthorized access incidents through role-validated endpoint design.
- Accelerated frontend delivery by 30% by establishing a reusable component library and optimizing Redux Toolkit state flows, cutting duplicated code across 3 products.
- Mentored 3 junior developers through structured code reviews, lifting team code quality scores and halving average review-to-merge cycle time.
- Automated CI/CD pipelines via GitHub Actions, reducing deployment time by ~40% and eliminating manual release errors.
- Managed cloud deployments across AWS (EC2, Cognito), Vercel, Render, and VPS — maintaining 99.9% uptime across all production environments.

Aurasoft Digitech Pvt. Ltd. | *Frontend Developer Intern* | Sep 2021 – Dec 2021

- Built 10+ responsive UI components using HTML, CSS, Bootstrap, and JavaScript, contributing to 3 internal application modules during a 4-month internship.
- Resolved 15+ cross-browser compatibility bugs, raising visual consistency scores across internal applications.

KEY PROJECTS

Buybox Cartel — Real Estate Investment Platform

- Built scalable REST APIs handling lead and property workflows for 500+ properties, with structured automation reducing manual ops by ~35%.
- Enforced RBAC for a secure multi-user system with 4 distinct access tiers, achieving zero privilege-escalation incidents post-launch.
- Optimized database queries, trimming average backend response latency by ~40% and cutting dashboard load time in half.

MECOC — Event Management System

- Shipped a multi-role event platform (Admin, Speakers, Exhibitors, Delegates) with dynamic role-based routing — completed on time with zero post-launch critical bugs.
- Designed JWT + RBAC authentication system supporting 4 user roles and real-time session management.

Abanonya — Dating App Admin & APIs

- Designed secure REST APIs with JWT auth and fine-grained authorization, protecting PII for 1,000+ registered users.
- Built an admin dashboard enabling moderation of 100% of reported content within a 24-hour SLA.

Empowerwealth — Real Estate Platform

- Constructed a reusable component library that accelerated feature development by ~25% and unified UX across 3 product modules.
- Contributed to architecture decisions and managed deployment strategy, achieving zero-downtime releases.

Other: Ubragga (React Native gaming), Qahwah (e-commerce), Spade Telecom (info web app), Arcsine (analytics dashboard), Quick Support (fintech)

EDUCATION

MCA – Maharaja Ranjit Singh College, Indore (2019–2021)

BSc Computer Science – Maa Narmada Degree College, Dhamnod (2016–2019)
